Ryan Cohen is laughing at us with his fart and poop and seemingly irrelevant tweets that we've all eaten up and many of us came up with some very good deciphering, even if we were wrong it was fun losing our shirts. I wonder what news we are all yearning to hear will come out during the earnings call. I mean shit RC is already on to his next brick n mortar show. If any of you actually buy into any of the above negative statements you don't belong here lmayo.
