The image shows a trading interface for GME stock. At the top, the stock price is 114.70, down 4.43 (-3.72%). Below this, the order book shows a bid of 104.00 and an ask of 10000.00. The order entry form is set to a LIMIT order with a quantity of 0 and a limit price of 114.72. The time-in-force is set to Day, and extended hours trading is disabled. There are toggle switches for Stop-Loss Order and Take-Profit Order, both of which are currently disabled. Below these, there are input fields for Stop Price and Limit Price, both with dollar signs. At the bottom, there are fields for Estimated Loss and Estimated Profit, both showing \$--. A large blue button labeled 'Unlock to Place Order' is prominently displayed. The bottom right corner shows 'Amount(est.)' as \$0.00.

Side	Order Type	Quantity	Limit Price	Time-in-Force	Extended Hours	Stop-Loss Order	Take-Profit Order	Stop Price	Limit Price	Estimated Loss	Estimated Profit
Buy	LIMIT	0	114.72	Day	No	<input type="checkbox"/>	<input type="checkbox"/>			\$--	\$--

Amount(est.) \$0.00
