Pulte ✓
@pulte

Tomorrow I'd like to give money to
people to buy stocks aka stonks

@pulte

So let me get this straight - people - specifically HF's - didn't want me to invest in **\$GME** but despite all that pressure, GME is one of the only stocks that is up. I'm actually UP on the position when S&P down 15%. Again, I think downtrend is next, but still! How great! 🚀
