This will ensure you will receive your GME proxy vote material.

By default, shareholder communication materials are turned off for all clients when you first open an account. You can opt-in to receive these communications, or update your preferences, by following the steps below. Please note updating your shareholder communication material preferences is currently only supported through the Trade mobile app.

1. Sign into the **Trade** app on your mobile device
2. Tap the **More** tab at the bottom of the screen
3. Choose the **Profile** menu item
4. Select **Shareholder materials** under **Preferences**
5. Select **All materials** or **Only proxy-related materials**

P.S: I use to receive material before so I am not sure when that Opt-in came into play. Better be safe than sorry, update your profile now!
