I was talking to my brother today and I will sell a couple of shares when it hits a million. Besides that these babies are mine. My guess is that it will not hit a million and I will hold through everything and that also makes me happy. I hope to see a new financial system in my lifetime and this is my small bite of the elephant. Can't wait to sneeze with all of you. Sneeze the bejeezeus out of them. To Uranus and bbbeyond!!!

In Ryan Cohen we trust! GME to Uranus. GMERICA is coming. Shorts about to shit.
