Alright, so I said help because my Vanguard experience was actually really fucking weird, and I'm like partially terrified now, to be honest.

I call because my DRS has not gone through for the rest of shares (I submitted my request on March 9th) turns out I got an email on March 11th that something was wrong (I personally overlooked this email so do not read into this part too deep)

But here's the fuckery part. I called the number from the email. A Vanguard rep answered, did the normal security check, everything's normal. I gave him the reference number on the email I overlooked. This was his response.....

"You're transferring in or out of Computershare?"

Me: "I requested a DRS transfer to Computershare not out?!"

Rep: "Yeah, idk why this is requesting shares from Computershare, but we can fix it. I'll need to reach out to this rep to see why they did this"

WHAT THE FUCK DO YOU MEAN!?!?!?

Me " Um, yeah, no, I want them DRS transferred to Computershare:

Rep: "okay, let me start that process, I have XX shares of Gamestop currently that you want sent there?

Me: "Nope, send them all please"

Rep: " So XX?"

Me: " Yes, please"

Rep: Read back all information to me (blah blah might take 3-4 weeks)

Me: "May I have a confirmation number, please?"

Rep: there's no confirmation number for this transfer....

SOMEONE CALM MY ASS BECAUSE THIS DOESN'T FUCKING SEEM RIGHT. ■

BUY, FUCKING HODL, AND DRS. DON'T BE ME WHO HAS BEEN SITTING ON HIS ASS THINKING I HAVE TIME!

Tldr: Fuck Vanguard, shits getting sketchier by the day, buy hodl, DRS
