So I just posted a tweet on twatter stating that Creamer is a criminal... It's fair game but since I don't have the blue check mark I am subject to a ban. That did not take longer than five - FIVE - minutes! They will censor anything against their narrative unless we all do our part. I have been the silent ape chugging along but have since began the DRS process and trying to get the word out. Now I know how you all feel. Silenced at every corner. I do not even use foul language! I am going to apply as an apprentice at one of the correctional offices that one of these morons fall in just to see the sheer stupidity by myself. Mark my words. I'm the next Louis Theroux! GME is nothing but a G thang
