Called up fidelity and spoke with the stock trading team for the DRS on Friday (3/18) afternoon.

I was initially told that the usual timeline is 3-5 business days for the transfer and was asked if I'd like to go ahead with the transfer.

Once I said yes, the rep came back in a few minutes and told me that the transfer could take a week longer than the usual 3-5 business days as my workplace RSU account is linked to this fidelity login which has the individual account (one that I was transferring GME from).

Is this normal?
