DISCLAIMER: I'M DRUNK on a good bottle of Japanese Whiskey

tired of the smoke & mirrors tactics, the FUD, etc.

We all see the media rn, implying RC had anything to do with Gustavo Death is low beyond believe.

We should sue them, the government and any entity that is doing wrong rn, media outlets, etc.

And use the money for something good.

Is not about money anymore it never was, at least not for me, I just like GME as a kid, and now I invested on a stock I like, i study the other stock thesis as same as GME and yeah is undervalued I like the stock to BTW.

This is just principles, morals, convictions, like that movie of Al Pacino, I will not give up mid fight, even if a loose it all, I don't care, but I will not stand for this BS tbh.

They have to pay with their blood for all the damage they have cause in the market, in the global economy, fuc* them and I will see you all in the moon.
