We are The Shrewdness

This is our chance to speak truth to power. This is our opportunity to provide for better lives for our loved ones while fundamentally changing the United States, possibly the world, for the greater good.

We stand together to fight for the oppressed, the marginalized, the disenfranchised. This grassroots effort, this groundswell of like-minded INDIVIDUALS coming together on a message board to link arms and stand together to battle generations of robber-barons systemically fleecing not only retail investors, but literally funding the destruction of communities and families at home and abroad.

We have exposed what may very well be the greatest financial crime in the history of the modern world. And we did it by simply buying a stock we like. We have momentum. We have the upper hand. We must advance and take the fight to the enemy, drive them into to the light. History will be their judge.

This movement resorted my hope for America and the world. You have reignited a ■ inside me that was nearly extinguished forever. I do not have the words to fully express my gratitude. I've never been more proud to serve than here in the trenches with all APEs, our international coalition of GME warriors.

We are disarming our enemies day by day. Whether it's one share at a time or 100k shares at time. Brick by brick, cannonball by cannonball. Continue to load up the cannonball barrels, to grow the armada. Support, encourage, contribute, engage, shitpost, research, continue to be the pro bono legal team that organically formed yesterday.

Recruit. Educate. Plot. Scheme. Mobilize. Revolt. Annihilate. Rebuild. Restore. Defend.

Fair winds and following seas, APEs

APEs STRONG TOGETHER
