For those who are unaware ... below I present a link to an easy step by step guide. DRSing from DriveWealth is free of charge and it takes one email. The post is updated regularly.

At the same time, I would like to remind everyone that the ****10M USD limit in Computershare is FOR ONE ORDER**** ... by executing 10 orders you can sell shares worth 100M USD. Yes, ****you can have multiple orders of 10M USD****, check out the AMA with CS.
