To all my fellow GME apes:

Have the day off! You work your bum off as a wage slave for a paycheck that gets taxed to pay off interest that can never be paid back on money loaned to your government from the Federal Reserve (a private central bank), that is given straight to foreign nations and used to bail out the architects of the global ponzi scheme we call "free markets" as they are doing a bang up job of crushing the global economy for Klaus and ZEE GREAT RESET boys in Davos, all while they shut off all the resources here "for the good of the earth, of course", and you get to use whatever is leftover to pay bills and buy items at newly inflated prices that gets taxed again by the state.

Just how the founding fathers drew it up, yeah?

Enjoy those hot dogs and that sweet SWEET freedom!

MØA\$\$ TOMORROW!
