Am once again hearing about people getting calls from fake Apple employees telling them they need a password reset and then getting into their iCloud accounts and draining their MM wallets.

Resurfacing this MM Tweet about how to ensure your MM isn't backed up to iCloud

**MetaMask** 🦊💙🔒 @MetaMask · 4/17/22

🔒 If you have enabled iCloud backup for app data, this will include your password-encrypted MetaMask vault. If your password isn't strong enough, and someone phishes your iCloud credentials, this can mean stolen funds. (Read on 📌)
