Here comes another 100 GME soldiers from ze Dschermans

Can't stop, won't stop...50% DRS'ed now...Ameritards can't imagine the trouble we go through to make it over...transfer from bank to IBKR (3-4weeks), change G2SC ticker (Frankfurt exchange) to GME, DRS (3-5days)...and then wait 6-8weeks to get your documents.

Then the real work starts...German brokers do not transfer costs base to IBKR, so my shares officially have cost base zero...we need to make an excel file and then note down EVERY receipt/trade we made to identify by FIFO which shares has been sent over to CS. Otherwise the Finanzamt (that our IRS) will value the purchase at 0,01ct and charge your profit after sales.

I don't care...I don't sell these 312 soldiers before telephone number and afterwards I give a shit on cost base, that's my donation to my country then so they can pay us socialists back with public services
