I've been holding gme and all of my savings that I can spare go into it like many of you. Honestly, this community has inspired me in more ways than one. I have started a little website [GameStomps.com](https://www.gamestomps.com)]

I'm slowly working towards creating NFT's for virtual shoes and skins, and eventually producing real shoes as well. And I want to have exclusives for this community, because I'm truly proud of those that continue to hodl with me.

So, even if you don't buy anything. I'd love it if any of y'all would put your email down on the website so that I can give you some free gme related NFT's to commemorate us stomping out Melvin (and Shitidel when it happens) once I create them.
