For some wrinkle brain reason my company holds a large chunk of our salary as “bonus” that comes as a one time payment. Those same wrinkle brain suit wearing boomers expect us to “invest wisely” and tell us “don’t spend it all at once”.

Little do they know, I’m the type of crayon eater that when told “Eat only half the brownie. It’s strong” will end up eating half the tray out of spite and for scientific purposes.

So now, I need the Moon Trip to wait just a couple more days before liftoff. Cause As soon as that deposit clears it will disappear just as quickly into CompyShare \$GME book buys.

No boom today. No boom tomorrow. Boom incoming. ■■■■■■
