Are we bag holders?

No fud or anything. I just saw a post of WSB that kind of shook my diamond hands. Something to the effect of we're delusional bag holders and moasses happened when RH halted trading and we're just an easy target for hedgies now. The part that got me was when the dude said we're self righteous idiots who think we're sticking it to hedgies while just holding their bags. Please tell me why this was just high level fud.
