1. After successfully buying GME on Computershare, will my next transaction go smoother/faster or is there a 4 day hold every time?
2. When selling, are you also forced to wait 4 days?
3. It says 3/29 purchase date and 3/31 secure date, does that mean the purchase price will be the price at end of day or start of day 3/29? Why is there another 2 day window from purchase to secure?
4. This is entirely my own fault having waited until the last minute to buy shares, but with everyone pushing for it why was there no mention of the delay? The price has gone up \$70 per share from when I tried to buy
