I plan to transfer a few shares to Computershare and then buy new shares on Computershare as well.

The rest will be diversified across vanguard, fidelity and TDA.

9. Who Counts the Votes?

We have engaged Computershare, our transfer agent, as our inspector of elections to receive and tabulate votes. Computershare will separately tabulate "for" and "against" votes, abstentions and broker non-votes. Computershare will also certify the results and determine the existence of a quorum and the validity of proxies and ballots.
