

Title: With a lower price tag per share we should pick up a lot of volume. That's been a big argument by some apes investing in other "meme" stocks.

Purpose of the Authorized Shares Amendment

The primary purpose of increasing the number of authorized shares of our common stock is to facilitate the potential Stock Split. Our Board intends to approve the Stock Split, subject to and contingent upon stockholder approval and the effectiveness of the Authorized Shares Amendment.

The trading price of our common stock has risen significantly over the past couple of years. Our investors have expressed a high level of interest in our common stock. Feedback from our investors indicates that a higher stock price can limit those who desire to invest in our common stock. We anticipate that an increase in the number of outstanding shares resulting from a potential Stock Split will reset the market price of our common stock in a range that would give our investors more flexibility in how they manage their ownership of our common stock and make our common stock more accessible for anyone who wants to invest in our Company.

A proportional increase in our authorized but unissued shares of common stock as a result of the Authorized Shares Amendment would also have the additional benefit of enabling the Board to issue additional shares of common stock in its discretion from time to time for general corporate purposes. The corporate purposes for which our Board may issue additional shares of common stock include future acquisitions, capital-raising or financing transactions involving common stock, convertible securities or other equity securities, stock splits, stock dividends and current or future equity compensation plans. Our Board believes the proportionate increase in our authorized but unissued common stock is appropriate to maintain the flexibility currently available to us to issue shares in the future without the potential expense or delay incident to obtaining stockholder approval for any particular issuance. Except for shares of common stock reserved for grants pursuant to our equity compensation plans and shares of common stock expected to be distributed to stockholders to effect the planned Stock Split, we do not currently have any other plans, agreements, commitments or understandings with respect to the issuance of the additional shares (or the currently authorized but unissued shares) of common stock, nor do we currently have any plans, arrangements, commitments or understandings with respect to the issuance of any shares of preferred stock.
