Is_self: True

This person posted in the following thread, and another thread tagging atobitt looking to provide proof. He said his friend works in the industry.

“I have evidence that Citadel has lost its market maker privileges”

[https://www.reddit.com/r/Superstonk/comments/n7g5gp/citadel_securities_has_over_57500000000_in_open/gxdm9vd/?utm_source=share&utm_medium=ios_app&utm_name=iossmf&context=3](https://www.reddit.com/r/Superstonk/comments/n7g5gp/citadel_securities_has_over_57500000000_in_open/gxdm9vd/?utm_source=share&utm_medium=ios_app&utm_name=iossmf&context=3)

And then today...

NYSE gets SEC approval of new class of market makers

<https://m.youtube.com/watch?v=zFXZRspjOxY>

Do they suddenly need to fill a big void that Citadel being removed could leave?
