By this Friday:

- Tons of options expiring (gaud witching opex or some shit idk I don't play options)
- Will be over 10 business days after gme meeting (legally allowed to announce if split)
- Will be over 90 days of 100% utilization (similar to the amount of time it took for the Jan 2021 runup)
- imx releasing new "branding"
- Evergrande getting delisted (finally)

In conclusion dip Friday but if not then as always moreass tomorrow.
