Hello Apes,

Please hear me out Please.

We all should send an email to Etoro first asking them to DRS our share, Please see below for a sample email.

[Etoro customer service link just choose General](<https://www.etoro.com/customer-service/>)

Subject: Transfer my GME shares to the agent Computershare

Email template: Hello there. I and many others would like the option to transfer our shares to Computer Share via DRS. As a user in your company and a shareholder, I believe it is my legal right to do as I please with the shares I've purchased and for you to hold us in your custodian agreement. I would like to know if there will be a statement by eToro on transferring our purchased shares via DRS? Is there anything you can tell me about the possibility of this in the near future? If this cannot be done, please state why in writing so that I can seek legal advice as I am serious about my shareholder rights.

Regards,

We all know what their answers will be. We can screenshot their answer and use that to complain to [FIN-NET](<https://finarbitr.cz/en/dispute-resolution/cross-border-disputes-eu.html>) .

The Financial Arbitrator is a member of FIN-NET, the European network of dispute resolution bodies dealing with an out-of-court resolution of disputes related to the financial market. The network has been created on the initiative of the European Commission in 2001. Its mission is to share experience originating from the dispute resolution practice of its members and to assist in the resolution of cross-border disputes.

****United Kingdom:**** Financial Ombudsman Service

<http://www.financial-ombudsman.org.uk/>

Fin-net is a big deal to any financial company. The compliance department goes nuts at the slightest chance of a complaint and any grounds for complaint usually get ruled in the customer's favour. even a threat of a FIN-NET is a big deal to any European registered financial institution. If we can make enough

complaints against Etoro then they will be forced to add the DRS option in Etoro.
