## Research Analyst

Nielsen Wurster Group

2004 - 2005 · 1 yr 1 mo

Assessed evidentiary documentation for civil engineering projects that became embroiled in a legal dispute. Performed critical path analysis that identified key drivers of dispute causation.

### Highlights

- Provided evidentiary analysis that supported expert witness testimony for Patricia Wishcer v Mitsubishi Heavy Industries, a case involving the "Big Blue" construction crane accident at Miller Park stadium.
- Implemented document control through relational database management systems, improving retrieval time and increasing budgetary margins.
- Assigned speaking engagement to present critical path analyses of ongoing case-projects to Company's Northwestern division in Seattle, Washington.

## Data Processing Analyst

Harlan M. Reese & Associates

Aug 2003 - Jan 2004 · 6 mos

Prepared legal summaries for defendant

# 7 Meme Stocks to Buy on the Dip

Here's how to gamble on crowd psychology

7h ago · By Josh Enomoto, InvestorPlace Contributor

- These meme stocks selected from the **Roundhill MEME ETF (MEME)** may provide the crowd-fueled catalyst you need for potentially massive returns.
- **Occidental Petroleum (OXY):** Though it offers the smallest discount among the meme stocks to

relevant name.

# Josh Enomoto

*InvestorPlace Contributor*

Brokering multi-million-dollar deals with some of the world's biggest companies and providing in-depth marketing analyses, Josh Enomoto takes his firsthand knowledge of the corporate boardroom and delivers them across several media outlets. In addition to his work at InvestorPlace, Josh contributes content for Benzinga, TipRanks, EmergingGrowth and Blockster. He is also a guest expert at CGTN America.

While leaving no stone unturned regarding sector coverage, Josh has written extensively about cryptocurrencies. You can follow him on [Blockster](#), a crypto-centric social media platform and on [LinkedIn](#).
