Ok r/GME Apes. The first round of FREE NFTs was fun and the 100 I minted went fast. I also sent out another 100+ of the duplicates I had in my wallet that I had received from other Apes. Yeah, I've been busy. So, I decided to reload my wallet(gas fees add up quick) and work on animating a cool NFT for round 2. As seen in the video the NEW NFT is the first one(top left) and I call it "Pit Stop". This round I'm asking for donations of 2 LRC (to cover the gas fees) sent to-
0xdaB6f74Fcd3a84D1b79B16D1d65C365625630124

BUT THE FIRST 68 DONORS WILL ALSO GET A SECOND ANIMATED NFT. 2 NFTs= 2 LRC. The second NFT is the one to the right of "Pit Stop" called "Chimp Utility". I even have a 3rd NFT I will also send to random people during this run. This is purely for fun. I am just getting killed with gas fees and want to be able to continue doing this while we wait for the rocket to lift off. Tomorrow is Monday. LFG!!!
