Welcome to 100+ days of ~~summer~~ broker guides!

It's clear everyone, even GameStop fanatscs, are finding and learning about Direct Registration and the DRS at different speeds, so I'm hoping this series of posts helps to raise more awareness that it is possible, and it's even easier than it was at the start of 2022!

If you're looking for a guide for your broker, leave a comment with the following command to summon the DRSGME wizard:

!DRSGME:BBVA!

Just replace BBVA with your broker's name. If you can't find your broker guide, let me know and I'll see what I can dig up!

Day 7, Guide 7: BBVA

BBVA is a Mexican broker that can DRS transfer for free! It's also worth noting that because they use Indeval like all Mexican brokers, the same process could be applied (or even legally demanded) to other Mexican brokers.

Flink, another Mexican broker charges \$130 to DRS transfer. So you might want to move them to BBVA first to save some money when you come to DRS transfer.
