Earnings upcoming, so a good time for new investors and apes to remember funds don't tell you their plans, so don't let them know yours. Keep your business just that, your business.

Funds hunt for stop losses and limit buys lower than the current ask. Don't make their job easier!

If you've bought, keep holding, register your shares, and shop GameStop. If you've been thinking about getting more, this is a great time to get some.
