Don't know if the post got much traction but a few days ago I saw a post from a guy here on Reddit who's friend has a friend in the Irish government. The OP explained that essentially the Government was preparing for a total market collapse in **OCTOBER**.

Which was what got me very excited. Many of you may know why, but for those who don't here's why, FTX US is launching a BLOCKCHAIN EXCHANGE on [THE 1ST OF OCTOBER](<https://help.ftx.us/hc/en-us/articles/7706072475031-Fee-Schedule>) (second bullet point).

Not to mention October 1st is when Q3 '22 ends, and for those that don't know what happens during quarters end.

[uVCriand's 'Black Monday' post goes in-depth into this.](<https://preview.redd.it/xpvk1zr40sm91.jpg?width=1668&format=pjpg&auto=webp&s=82285c1dafdf2569f474c1fac1192e4d50705ffd>)

I also saw a post (again here on Reddit) which I'll come back and post the link if I find it but the OP describes how if you put **ew eew llams a evah l** from Ryan Cohen's [tweet](<https://twitter.com/ryancohen/status/1460127511619252230?s=21&t=uD3vvgLDj-Yv12UCXJpiHQ>) in a word decryptor or random number assigned letters, you get **WAKE ME UP WHEN SEPTEMBER IS OVER**.

I know this maybe a lot of speculation but in all honesty, it all ties in together if I do say so myself.

NOT FINANCIAL ADVICE THO.
