Hi data apes,

does anyone have access to historical data on GME for the period 2021.01.19 - 2021.02.05 which include buy/sell volume?

Not, it is not the same as total volume, see <https://www.thebalance.com/buying-and-selling-volume-1031027>

I counted the pixels on the SEC report's figure 6, hoping to get some data out of it, but the figure use Buy Volume and I can't find that.
