Can somebody copy me a good DD. I searched on Youtube but I dont trust any of these creeps with their weird shocked thumbnail faces talking about GME to \$1 or to \$5000. It's too obvious they just talk crap to get Youtube views.

I want to start with 1 share and buy one every month. I have diamond hands and am deep down on many other Meme stocks like WKHS .. But I am not realising any losses because then you will lose.

Thanks in advance, looking forward to buying my first seat in the MOASS train!
