Calling it now, Ryan Cohen will pitch a 7 to 1 stock split. GME was already authorized to issue up to 300,000,000 shares (current shares outstanding ~76 million). They wouldn't need to up that # to 1 billion shares if they were only looking for a 3 to 1 split. Tesla did a 5 to 1 split to bend the shorts over a barrel, RC is going to see their 5 to 1 and raise Elon 2 to claim the "destroyer of shorts" title.
