Welcome to 100+ days of ~~summer~~ broker guides!

Now the split is in effect we are having another wave of DRS transfers. So lets raise some awareness around how to get your GameStop shares into the Direct Registration System!

If you're looking for a guide for your broker, leave a comment with the following command to summon the DRSGME wizard:

!DRSGME:AVENUE!

Just replace AVENUE with your broker's name. If you can't find your broker guide, let me know and I'll see what I can dig up!

Day 5, Guide 5: Avenue

Avenue is a Brazillian broker. They charge \$150 for each DRS transfer. As it costs so much, it may be cheaper to transfer to another broker that can DRS transfer for less. I only have info for one other Brazillian broker, that's Passfolio and they charge \$130 to DRS transfer.

A popular option has been transferring to the international broker IBKR, as they have been able to reliably DRS transfer shares for many non-US citizens for \$5 per DRS transfer.

Therer is a guide for IBKR available on the DRSGME site, and you can summon a guide for IBKR for using the DRSGME wizard.
