Hey APES, Do you think there should be a class action lawsuit by all apes who lost money in GME options in last year? As you all know GME price is manipulated just to get people loose money in options. WHAT ARE YOUR THOUGHTS ON THIS? Has anyone done this in the past . Should SHF be hold responsible for this manipulations. Hoping to get the lost money back so that we could reinvest in stocks instead of options . I know most apes invest in stonk and stay away from options. But now this is high time, MM is pull8ng the price down to avoid gamma ramp. Should all ape take legal action? Please share your thoughts. Any input from lawyer ape will be appreciated.
