I woke up in a far far away land and as always I checked the ticker then headed to reddit for a browse and Papa C had tweated. I'll admit I got a little chub but then I read it and the blood rushed to my brain and was WTF does this shit mean.... It's not very exciting.

Boy was I wrong. I think this one is two fold.

1. The apple = apes. The Tree = Papa C

We are all going to be rich.

2. The possible new company Gmerica is going to be amazing just like GameStop and worth shit loads.

Soon, hold onto your titties.
