My friends asked me how to DRS from Interactive Investors, so I have wrote a step by step guide

DISCLAIMER: Interactive Investors doesn't allow DRS transfer, you need to transfer your shares to another broker which allow DRS transfer.

If you are US citizen the better way is to use Fidelity (fast, cheap and request by chat). If you are international investor you can use Interactive Brokers (IBKR). The quicker way if to open Interactive Broker account, buy share (link to guide ****here****) and request DRS transfer. Then you can transfer your shares from Interactive Investors (II) to Interactive Brokers (IBKR) via Basic FOP Transfer (free), then from Interactive Brokers (IBKR) to Computershare via DRS transfer (\$5 (USD) fees).

How to Transfer:

- Send secure message from your II account with subject defined as: "(Your II Client Number) - Transfer out request"
- In the text of the message: "Please see the attached letter as authorisation to my request to transfer the securities held in my stocks and shares ISA over to my interactive brokers account as detailed in the attached letter."
- In attachment:
- A screenshot of your IBKR account.
- The transfer form available here: <https://docs.google.com/document/d/1xOhEQJPhs4cUemIJKj2aDIJFJw9Q2quA/edit?usp=sharing&oid;=100880814466441612685&rtpof;=true&sd;=true>
- Fill the Outgoing Transfer of Investment Portfolio form, with the following informations:
- Account details: INTERACTIVE BROKERS
- Account number: Your number on Interactive Brokers
- Email address of broker:
[assettransferservice@interactivebrokers.com](mailto:assettransferservice@interactivebrokers.com)
- Print out the form, sign it, and scan it back in. Then attach the form to the secure message
- The same day, login in your IBKR account, and click on "Transfer & Pay" from the top menu and select "Transfer Positions"
- On the next page select "Ingoing"

After your shares reach IBKR:

Now you are able to request the DRS transfer from IBKR to Computershare. To do this you can follow our guide on how to DRS transfer from IBKR (link to guide [\[here\]\(https://www.drsgme.org/direct-register-shares-from-interactive-brokers\)](https://www.drsgme.org/direct-register-shares-from-interactive-brokers)).

If you doesn't have Computershare account, first send one share via DRS, once your account is fully accessible (access to the web site and see the purple circle), send the troops !

■=D ■■■■■=R ■=S : This is the way ! A lot of info are available on drsgme.org

As you know DRS is our ONLY weapon against the Financial Terrorists, we have for remove the shares from DTCC in order to reduce the SHF ammunition to do their fuckery.

As always :

Holy Mary, Jesus Christ, DRS is the way. Continue to transfer, every share count. The float have to be locked up, 100% DRS, no more shitty broker and see you to the moon.

Be The Change You Want To See In The World !

With love
