## Chat with us

For your account [REDACTED], we'll send 6 shares of GME to ComputerShare. Fidelity does not charge a fee for a transfer. However, a fee may be charged by the transfer agent.

Once the DRS transaction is processed, the shares will no longer be in your Fidelity account and will no longer be accessible to you on Fidelity.com, and you will not be able to speak with a Fidelity associate about them. The transaction cannot be canceled or reversed. It typically takes 3 to 5 business days for your shares to show at the transfer agent. After the transfer, you'll need to contact the transfer agent for any information or transaction involving your shares and you're subject to any fees assessed by the transfer agent.
