The tower of babel was a biblical episode where everyone spoke the same language which enabled the coordination and construction of the tower of babel. The tower was built to gain access to heaven. God did not like this and stopped it.

This is our tower of babel. Our language is DD and memes. Our bricks are our shares. Our mortar is our tenacity. With GameStop we will pierce the heavens and unveil the corruption. They are not God, but they will try to stop us. Godspeed apes.
