Love the fact that #GME silence is deafening! It's really winding up the shitty news / media outlets who have taken to begging GME to step forward and speak.... Yes i'd love an update & an announcement from papa RC but only when ALL the duks are in a row and maximum pain can be applied to the hedgefucks, and sustainable value is delivered for ALL loyal shareholders! BUY / DRS / HODL - Not financial advice just an ape who loves the stock, loves the bsuiness, loves fellow apes and will spread the love when we Moon!
