# Y'all,

Everyone has read [GameStop Forms Partnership with Immutable X](<https://investor.gamestop.com/news-releases/news-release-details/gamestop-forms-partnership-immutable-x>) article on their website. Most FUD is spinning off of the "WhAt AbOuT LRC?", Y'all please do some critical thinking for once..

\*\*\*EEErthing is Gucci with LRC and GameStop, so calm your ass.\*\*\* There was a lot of post about the [SC 13G/A](<https://gamestop.gcs-web.com/sec-filings/sec-filing/sc-13ga/0000834237-22-004089>) of Blackrock purchasing more GME and the [8-K](<https://gamestop.gcs-web.com/node/19586/html>) of the nitty gritty of the GameStop + IMX partnership. However, no one has really mentioned Digital Worlds NFTs Ltd. They are included in the same sentence as IMX \*^((GME Entertainment also entered into a Grant Agreement effective as of the Transaction Date with Digital Worlds NFTs Ltd. ("Digital Worlds"), which encourages the development of projects using technology of Immutable X by issuing grants of IMX tokens))\*). I wanted to know more about this entity that GameStop only references once tell the very

\*\*END\*\* of the form. Down the rabbit hole I went. First I just googled "Digital Worlds NFTs Ltd" and the first result was [Digital Worlds NFTS - SEC Report](<https://sec.report/CIK/0001868667>) "Well sheet ima click that one". Right away a few things raised some question and really I hit a brick wall with "Digital Worlds NFTS has not filed any forms with the SEC apart from initial company registration". I trust GameStop with every ounce of jacked titties I gots and so I kept digging. Barely scrolling down the page was "Related SEC Filings - Digital". There were quite a few filings but what caught my eye was [DIGITAL REALTY TRUST, INC.](<https://sec.report/CIK/0001297996>) Upon following that link their first and most recent form was a [SC 13G/A](<https://sec.report/Document/0000834237-22-005322/>) stating Blackrock purchased 2707860399 (9.5%) common stock of Digital Realty Inc. This form was also coincidentally posted on 2/03/22. Same date GameStop announced their partnership with IMX Token. Looking into [Digital Realty trust](<https://www.digitalrealty.com/>) and I can see the potential use in a partnership but really I'm too smooth brain or lazy to find a true "oh yeah" connection. I could definitely use a Ape with a wrinkle or 1000 mores help. I just know Blackrock has a boner for GameStop and that I don't believe in coincidences.
