Question for the european gamestop DRS bosses:

I have shares in an custody account @degiro. Therefore my shares are not in the lending pool. Can I see this as the same as DRS?

Degiro doesn't provide custody accounts anymore since 2021 (probably because they make a ton of money for lending the shares) but I have a custody account and my shares should not be in the lending pool. Therefore it sounds like my shares are DRS'SED right?
