ape historian here.

continuing on with my archival projects, i thought it would be a good opportunity to never ever post memes, shitposts or things that just arent useful. so i am going to be using my archive for good. so to start off with , here is all the DD and possible dd for january 2021 - aka the sneeze -lets see if we can dig something out that someone may have missed eh?

so here is some (or all ) of the old gme dd that might be useful now:

before i go on and repost literally everything here is just ONE post.
