Well after spending the week at Midway International Airport in downtown Chicago Mayo Force 2 flew to Palm Beach International Airport in West Palm Florida ■ Sunday 1/16/22 and spent the night returning Monday. I was wondering why Mayo Force 2 would fly there and not Mayo Force 1 ? Well as of about an hour or so (1:30PM EST) Mayo Force 1 took off from Midway International and was on course for Palm Beach and just south of Louisville Kentucky (Home of Computer Computer Share) it pulled a u turn 180 degrees and is heading back to Midway International. Only thing I could think of it was down for maintenance and the mechanic/pilot took it for a test run ? Check back I'll edit as I get more info. Not much more to report other than the whole market is down along with GME (\$107.00 US as of 2:300 PM EST. Also a certain coin is down too (\$41,600 US as of 2:27 PM EST). GME to the Moon ■.
