This is a formal letter to RC, I thinks he browses this sub, also sent this letter to the company, I said at the end that "I'm sure others ape are agreeing with me, so I am 700k investors voice"

"Dear Sir or Madame,

Me as an individualist investor I would like to ask you to start initiation of stock buybacks program. The price of the company has been going and dropping down lately because the hedgefunds and shitty brokers are manipulation to the stock prize.

I believe in Ryan Cohen as CEO of Gamestop and I support his his decisions.

The latest "69" tweet is a direct asking for individuals to write you because your hands are tired, it was a clear message so thanks for that

Kind regard,
Ape"
