Another pump, another dump my friends.

Double-rejection on 45 (180) . The fact that this all happened during closed-market feels even more retarded.

This is temporary, as always, and we will be back soon enough for more adventures. Couple days, couple weeks, couple months . Who knows. More they push the price down, more time we have to buy, hold and DRS all the shares we need .

Have a nice weekend fellow apes and enjoy the last days of summer. See you on the GME moon ;)
