

Title: \$RELI might be the next pump and dump being spread to remove buying power from GME - plz look closely at the username spreading it everywhere. Sounds like a „if you order DFV from wish“ ■

Crosspost I originally made to Superstonk. Kind of reminds me of the whole DWAC/PHUN case. Anyone remembering it being spread everywhere? Interestingly it seems like they are trying to spread it to everywhere which is not GME. Y tho?

Also remembering JP Morgan phrasing a short squeeze narrative end of last year? This is too obvious right?
