The market is bleeding, the media rhetoric is threat of war, fed, pandemic... etc.... BUT, is the real answer that SHFs have been margin called and they are chasing liquidity? They have to sell all the assets that they don't want to... including 'grandmothers necklace'..... So many references to Margin Calls today, without telling me there's a margin call??? Any thoughts...? These FUKs are gonna sink! \$GME for me NO CELL, NO SELL! I'm holding tighter than ever and adding along the way - 25 more just DRS'd! I love the stock, I love the potential, no advice! Go apes!!!
