Morning!

I am having difficulty setting up a 30-day GTC sale order of 1 GME share at \$214,748. I go through the entire process, enter the SMS-sent security code, and nothing pops up on the pending activity. Is anybody else having issues with this?

I also tried calling the customer service line, and have been hung up on twice already this morning. Feeling a little anxious. All help is appreciated. Thank you in advance!
