Happily, we note that in the last year insiders paid US\$11m for 422.00k shares. On the other hand they divested 2.97k shares, for US\$93k. In the last twelve months there was more buying than selling by GameStop insiders. You can see the insider transactions (by companies and individuals) over the last year depicted in the chart below. If you want to know exactly who sold, for how much, and when, simply click on the graph below!

NYSE:GME Insider Trading Volume July 25th 2022

Bullish insiders at GameStop Corp. (NYSE:GME) loaded up on US\$11m of stock earlier this year

By Simply Wall St Published July 25, 2022

In the last year, multiple insiders have substantially increased their holdings of **GameStop Corp.**

(NYSE:GME) stock, indicating that
