Eastern Europe europoor here, last year I bought in Feb and tried to hold on as long as possible, but had to reduce my stock holdings from time to time just because I'm broke was almost a XXX holder and a XXXX holder for pop-corn, but got married, honeymoon and growing my business. I have been reduced to an X holder of GME, I just want the "event" to pay my debts, buy a house, get a dog, and maybe a decent used car.

Can we get this show going already?
