This advice is your report of the share transaction in your account on the books of the Company as part of the Direct Registration System. This advice is neither a negotiable instrument nor a security, and delivery of it does not of itself confer any rights in the securities. It should be kept with your important documents as a record of your ownership of these shares. No action on your part is required. If advised and you wish to obtain a certificate, please contact your account via the Investor Center website or contact a customer service agent. There may apply to certificate transactions. Certificate requests made as part of a transfer request may automatically be changed to book issuance. The DRD requires that we report the most recent balance of shares applied after January 1, 2011. If your shares were converted by the registration and you have sold or transferred the shares and requested a specific unit basis calculation method, we have processed as requested. If you do not specify a unit basis calculation method, we have defaulted to either the first in, first out (FIFO) for equity issuances or for certain dividend and fund, average cost basis method. Please note that Closed-End Funds and Registered Investment Companies are not required to report unit basis until January 1, 2012. Please call our website or contact your tax advisor if you need additional information about unit basis. Upon request, the Company will furnish to any shareholder, without charge, a full statement of the designations, rights (including rights under any Company's Rights Agreement, if any), preferences and limitations of the shares of each class and series authorized to be issued, and the authority of the Board of Directors to divide the shares into series and to determine and change rights, preferences and limitations of any class or series. Assets are not deposits of Computershare and are not insured by the Federal Deposit Insurance Corporation, the Securities Investor Protection Corporation, or any other federal or state agency.
